

# **Report from Viet Nam**

**with Desiree Hellegers**  
(Peace and Justice Works Board member)

**Saturday, July 18, 2015 2:30 pm**  
**St. Francis Dining Hall**  
**SE 11th & Pine**

Please join Peace and Justice Works member Desiree Hellegers for a "Report from Viet Nam." Desiree traveled on the 40 year anniversary of the end of the "war" with Veterans for Peace Chapter 160, witnessing the effects of Agent Orange, the continuing threat of Unexploded Ordinance (which have killed over 60,000 people since the withdrawal of American Troops), and the return of Monsanto, which manufactured Agent Orange. Desiree helped found the Center for Social and Environmental Justice at WSU Vancouver.

Desiree will be joined at the talk by Portland activist Becky Luening, who has been with the Vietnam Friendship Village Project USA since 1996. Luening will speak about the Project, which provides therapy and medical care for over 100 children and 40 adults with various needs.

Note: Desiree's talk is scheduled to take place after the Peace and Justice Works summer quarterly meeting, which begins with a vegetarian potluck from noon to 12:30 PM, with the meeting from 12:30 to 2:00, in the same location at St. Francis Dining Hall.
